

LIANA RECHKINA

Junior QA Engineer

Saint Petersburg, Russia | linkedin.com/in/liana-rechkina-51881224b | github.com/lianarechkina | lianarechkina@yandex.ru | tg: @liana_rechkina

I am a Junior Software Tester with strong attention to detail. I like new challenges, that makes me want to learn more about this domain and improve my skills everyday.

EDUCATION

OTUS

Course Student | Aug 2022- Jan 2023

In the process of self-education and taking courses, I studied:

- testing theory (software lifecycle, methodology)
- methods and types of testing, test design techniques
- client-server architecture

I learned to:

- write test documentation (test cases, checklists, bug reports)
- test API (Postman, Swagger)
- write SQL queries at the JOIN level

Worked with:

- DevTools (Console, Network)
- Git (I understand the work of branch and can merge)

St. Petersburg State University of Railway Transport

Bachelor | Aug 2017 - Jul 2021

Studied at the Department of "Methods and devices of non-destructive testing"
